• May is believed to have more offspring genomic tested over 2200 & 2300 GTPI than any other cow in the Breed!

• May is one of the very top genomic transmitting cows in the industry.

• Awesome Flush History, over 100 conventional embryos in the past year

facility OR

IVF – 30 transferable embryos over 1 year from sale date, with 2% rebate per embryo less than 30, must be done a min. of 10 times at seller approved facility.

~Two full brothers; Sully AltaMeteor and Sully AltaJupiter at Alta Genetics are very popular genomic sires in their program.

~ "One of the best if not the best milking Planets in Canada—this beautiful young cow just gets better and better every day! The three quarter picture above is absolutely what this cow is! Framy, super udder and very strong on top—more and more veining coming all the time—very good feet and legs as well.

We hate to have her leave the barn for the Intrigue Sale."

Dr. David Chalack
